EARLY LEARNING

Claremont

- Providing excellence in childcare

WHY CHOOSE NGALA EARLY LEARNING?

At Ngala Early Learning and Development Service, we respect each child and carefully notice and respond to your child's learning, development, interests and needs. Ngala understands the importance of childhood and our educators value this special time; nothing is more important to us than your child having happy memories of their time with us.

Some of the reasons our parents choose us include:

- Our family partnership model ensures all educators are committed to interacting collaboratively with parents and working together to meet the needs of both the child and family.
- Our ratios often exceed the required state regulations, which means more educators' time and attention can be given to each child in our service.
- Educators employed at Ngala Early Learning and Development Service come with many qualifications and skills, which often exceed the requirements of state government regulations.
- Our educators have completed degrees and diplomas in early childhood and education. They receive a comprehensive induction process and continually engage in early childhood research and ongoing professional development and learning.
- Our Team Leaders are given weekly curriculum time, which exceeds the time required by government regulations, this allows them to develop comprehensive, quality and meaningful programs, to provide for children's learning.

Enrolment Checklist

- Create a MyGov account & link Centrelink Services
- Ensure you & your child have a CRN
- Complete a CCS claim and confirm your percentage and hours per fortnight
- Complete the Ngala enrolment forms and documentation
- Book your child's orientations with the service
- Receive your family handbook

NGALA EARLY LEARNING & DEVELOPMENT SERVICE

Claremont

Ngala's Early Learning and Development Service (ELDS) has been delivering high quality childcare for more than 50 years, in locations across Perth, with a curriculum that brings together Ngala's many years of childhood development research and experience. All of our centres are staffed by skilled, nurturing educators, who engage in active learning through curiosity with your child. **Ngala's ELDS Claremont is situated within a new aged care precinct opposite Claremont Oval and well placed in the Claremont community. The Claremont ELDS service will incorporate meaningful intergenerational projects between residents and the children in the early learning service, to benefit both young and old.**

At Ngala Claremont we believe it is important to get to know each child, learn their strengths, how they learn and what interests them. This takes time and requires thoughtful, considerate and skilled educators. Our educators form strong attachments with each child and build on their learning over time. They use each child's ideas to plan a meaningful play based environment where children can practice, develop and learn lifelong skills. We provide a strong, positive foundation for the schooling years ahead.

OUR CURRICULUMS

An everyday curriculum is planned for both our indoor and outdoor environments. We believe both areas are equally important and require thoughtfully planned experiences. Our everyday curriculums cover areas such as physically active play, dramatic play, construction and loose parts play.

These experiences are offered over the fortnight, as we believe children need time to practice skills, and then areas are updated/extended or changed into new spaces, based on the children's responses.

We are approved by the Education and Care Regulatory Unit and adhere to relevant regulations. Places are offered in accordance with the Commonwealth Government guidelines, which are available online. We are an Approved Care Service with the Family Assistance Office for Child Care Subsidy.

NATURAL ENVIRONMENT

We believe that nature play is vital for children's healthy development.

At Ngala Early Learning Centres, children are immersed in nature through both indoor and outdoor activities, and outdoor play is offered all day, at any time (*with the exception of sleep/rest times*).

LEARNING THROUGH PLAY

At Ngala Early Learning and Development Service we support child led play.

Each child can move freely between the indoor and outdoor play spaces, make decisions about where to play, who they will play with and how long they will spend at a particular activity, while Educators provide teaching, support and guidance when children need help.

FROM THE KITCHEN

We prepare your child's food fresh on site every day, using seasonal produce.

Children will be provided with a nutritious morning and afternoon snack and a cooked midday meal and we will happily prepare alternative meals for children with allergies or special dietary requirements.
